

UNITED NATIONS  
INDUSTRIAL DEVELOPMENT ORGANIZATION

# 2<sup>nd</sup> FIPEE INVESTMENT FORUM ON ENERGY & ENVIRONMENT

INVESTMENT OPPORTUNITIES AT ECOMONDO 2023

**UNIDO ITPO Italy**, within the framework of the 2023 edition of **Ecomondo - The Green Technology Expo**, will organize on **7th November 2023 in Rimini** the **“2nd FIPEE Forum on Energy and Environment”**, as a part of the project "Fostering International Partnerships between companies and/or institutions operating in the Energy and Environment sectors" (#FIPEE), funded by the **Italian Ministry of Environment and Energy Security**.

Thanks to the participation of a wide ministerial, institutional and business delegation from the project's 7 partner countries – namely **Botswana, Cuba, Ethiopia, Kazakhstan, Kenya, Morocco and Peru** – supported by UNIDO ITPO Italy, the Forum will showcase the results of the FIPEE project, highlight the latest policies on energy and environment currently in place in each partner country, as well as will allow to discover new investment opportunities and business synergies through the dedicated **B2B-B2G session** with exhibitors and visitors of Ecomondo 2023.

The event will be held in English. The participation is free of charge.

**Seats are limited, reserve yours now!**

If you already have an entry ticket, simply fill in the form below. UNIDO ITPO Italy can provide a free entry ticket to the Ecomondo fair to those interested in attending the Forum or the B2B/B2G session.

**Conference Room: Sala Ravezzi 1 - Hall SUD @ h. 11:00**

For more information **UNIDO Booth: Pad. C5 - 304B**

## BIO-WATT BOTSWANA

Established in 2018

BOTSWANA

[www.facebook.com/wattbotswana/](https://www.facebook.com/wattbotswana/)

**Sector:**

Services

### Nature of business:

SERVICES - Environmental analysis; SERVICES - Waste-to-energy plant (bioenergy)

### Brief Description:

Bio-Watt Botswana is a youth-owned energy company that offers clean and cost-effective energy solutions to tackle the energy challenges experienced by the broader African region. The company's services encompass a range of offerings, including but not limited to waste-to-energy technologies involving the design and installation of portable biogas systems and other renewable energy solutions.

### Current products/services:

Waste-to-Energy Technologies; Renewable Energy Solutions; Clean and Cost-Effective Energy Solutions

### Collaboration sought in Italy:

Bins; Washing equipment and systems; Container emptying devices; Road cleaning and maintenance vehicles; Dryers; Hydraulic pumps and motors; Biological waste treatment; Selling waste-derived products; End products for the agricultural sector; Certified products; Anaerobic Digestion: plants and equipment

### Company representative at Ecomondo 2023

Obuile Morewane - na

Available from 7th to 9th November 2023

## HITONG HOLDINGS (PTY) LTD T/A LEEROY SYSTEMS

Established in 2015

**BOTSWANA**

[www.leeroysystems.co.bw](http://www.leeroysystems.co.bw)

**Sector:**

**Services**

### **Nature of business:**

SERVICES - Engineering firm

### **Brief Description:**

Hitong Holdings LTD is a forward-thinking technology company specializing in the development of cutting-edge solutions for smart water monitoring and measurement technologies. Its focus lies in the creation of advanced systems that revolutionize how water resources are managed and monitored, offering a diverse range of solutions that harness the power of technology to enhance water efficiency, conservation, and sustainability.

### **Current products/services:**

Engineering solution for water and environment

### **Collaboration sought in Italy:**

Measurement technology (pressure gauges, PH, flow meters, etc.); Monitoring, control and reporting tools; Bills and billing systems; IoT systems, machine learning and artificial intelligence; Smart metering

### **Company representative at Ecomondo 2023**

Thebe Roy Johannes - na

Available from 7th to 9th November 2023

## PERFECT INCH

Established in 2016

**BOTSWANA**

<http://perfectinch.com/>

### Sector:

**SERVICES - Reclamation and treatment of contaminated sites**

### Nature of business:

INDUSTRY - Oil & Gas; SERVICES - Reclamation and treatment of contaminated sites; SERVICES - Logistics/Waste storage

### Brief Description:

An environmental management and engineering solutions company that partners with clients to diminish their environmental impact. We offer a range of services, including oil spill response, site remediation, used oil collection and recycling, environmental management support, petroleum facilities development and maintenance, and more. Our services cater to diverse industries, including Oil, Petroleum, Mining, Manufacturing, and other sectors that generate effluents.

### Current products/services:

Hazardous Materials Solutions;; Design, Build, and Installation of Lubrication Systems; Specialization in Above-Ground Fuel Storage

### Collaboration sought in Italy:

Equipment and products for environmental cleaning and hygiene; Used oil treatment; Special and hazardous waste treatment; Wheels and tires; Land reclamation: plants and equipments; Soil-air suction systems; Mobile treatment plants; Groundwater decontamination; Revegetation; Evaluaton and monitoring contaminated sites; Sampling and geophysical tools (soil gas, soil water, soil)

### Company representative at Ecomondo 2023

Tefo Kgowe - na

Available from 7th to 9th November 2023

## CLEAN ADDIS RECYCLING PLC

Established in 2017

ETHIOPIA

[www.cleanaddis.com/](http://www.cleanaddis.com/)

**Sector:**

**Waste management**

**Nature of business:**

Waste management

**Brief Description:**

Clean Addis Recycling PLC is a privately owned company that works in the recycling of dry waste materials. The company, established in 2017, has created several employment opportunities with the emphasis on empowering women, works in collaboration with the Addis Ababa City Dry Waste Management Agency.; As part of its social and community engagement programs, it has been conducting public awareness lectures at various schools and venues across Addis Ababa and mobilized the society to embrace the need for waste management and environmental protection. Currently, the CEO of the company is organizing its debut annual event called Green Clean Africa – GCA; ([www.greencleanafrica.com](http://www.greencleanafrica.com)) that aims to provide a platform for stakeholders all over the world to share ideas, showcase environmental initiatives, innovative technologies and products around the environment.

**Current products/services:**

The company is providing semi-processed recyclable waste products to several local companies and is working to; become a major exporter of processed and semi- rocessed recyclable products for global customers.

**Collaboration sought in Italy:**

Interested in finding Italian companies that can collaborate with its business, technological sharing;; find a market for its products in Italy and create marketing opportunities; for African products in Italy and vice-versa.

**Company representative at Ecomondo 2023**

Ms. Heaven Belihu - CEO

Available from 7th to 9th November 2023

## INTER ETHIOPIA SOLUTIONS PLC

Established in 2018

ETHIOPIA

[www.interethiopia.com](http://www.interethiopia.com)

**Sector:**

**E-Waste Management**

**Nature of business:**

Circular Economy

**Brief Description:**

Inter Ethiopia Solutions PLC, founded in 2018, spearheads environmental sustainability in Ethiopia under CEO Mr. Zelalem Nigatu's guidance. The company excels in renewable energy consultancy, e-waste management, and solar product distribution, committed to eco-friendly practices. Harnessing extensive industry experience, Inter Ethiopia champions responsible energy solutions, fostering a greener, sustainable future.

**Current products/services:**

E-Waste Management

**Collaboration sought in Italy:**

Inter Ethiopia Solutions PLC invites partnerships with organizations, NGOs, governmental bodies, and businesses engaged in circular economy initiatives in e-waste management. Together, we can innovate for a greener future.

**Company representative at Ecomondo 2023**

Mr. Zelalem Nigatu - CEO

Available from 7th to 9th November 2023

# ETHIOPIAN ENVIRONMENTAL PROTECTION AUTHORITY

Established in 2013

ETHIOPIA

[www.epa.gov.et](http://www.epa.gov.et)

**Sector:**

**Environment and Climate Change**

**Nature of business:**

Government

**Brief Description:**

The main responsibility of the Authority is to promote and ensure the protection and Conservation of Environment as valuable asset for the people of Ethiopia. In addition, it aims to protect people and environment from harmful effect of pollution, climate change and biodiversity.

**Current products/services:**

-

**Collaboration sought in Italy:**

Italian Ministries, Research Centers, Universities and other relevant bodies.

**Company representative at Ecomondo 2023**

**Ms. Tirhas Mebrahtu Hindeya** - Director for Resource Mobilization and Project Monitoring Directorate

Available from 7th to 9th November 2023

## LLP UTILIZATSIYA SRL

Established in 2010

KAZAKHSTAN

-

**Sector:**

**Waste Management**

### **Nature of business:**

INDUSTRY - Equipment and plants for the treatment of waste; SERVICES - Miscellaneous plant operator (Storage, Treatment and Disposal); SERVICES - Breaker/vehicle breaker/coachwork converting company

### **Brief Description:**

Utilization LTD LLP is a leading expert in the comprehensive management of industrial and hazardous waste, which also includes medical waste, such as hospital waste. Our extensive range of services encompasses the efficient collection, safe removal, advanced processing, and responsible disposal of various waste materials. With a strong commitment to environmental stewardship and safety, we provide tailored solutions that meet the diverse needs of our clients, ensuring compliance with stringent regulations and promoting sustainability.

### **Current products/services:**

Waste management

### **Collaboration sought in Italy:**

Evaporators; Separators; Blades/cutters; Bio-shredders; Biological waste treatment; Washing plants; Asbestos treatment; Recyclable material treatment; Used oil treatment; Slaughterhouse and farm produce waste treatment; Plastic recycling systems

### **Company representative at Ecomondo 2023**

Zaza Beradze - na

Available from 7th to 9th November 2023

## NATIONAL ENVIRONMENT TRUST FUND (NETFUND)

Established in 1999

KENYA

[www.netfund.go.ke](http://www.netfund.go.ke)

**Sector:**

**Environment, Climate Change & Forestry**

**Nature of business:**

Government

**Brief Description:**

The National Environment Trust Fund (NETFUND) is state corporation under the Ministry of Environment, Climate Change and Forestry in Kenya. NETFUND is established by the Environmental Management and Coordination Act (EMCA) 1999 to mobilize and avail resources for environmental management in the country.

**Current products/services:**

Ecosystem and landscape restoration Renewable energy; Climate change mitigation and adaptation; Pollution control.Circular economy

**Collaboration sought in Italy:**

Material Recovery, Circular Economy and Renewable Energy

**Company representative at Ecomondo 2023**

**Benedict Muyale** - Technical/Corporate Energy Management

Available from 7th to 9th November 2023

## ECOMAJI EA LTD

Established in 2011

KENYA

[www.ecomaji.com](http://www.ecomaji.com)

**Sector:**

**Water infrastructure**

**Nature of business:**

Water, Wastewater treatment and energy as a service

**Brief Description:**

Waste Water Treatment Company in East Africa. The company has capacity to install waste water treatment systems in Kenya, Uganda, Tanzania, Rwanda, Burundi and South Sudan. They offer packaged, modular systems and equipment customized project specific needs. Their packaged systems are installed and operational within days. Their products have been through extensive independent testing to meet Stringent European and US EPA standards.

**Current products/services:**

Water and wastewater treatment solutions, energy solutions

**Collaboration sought in Italy:**

Wastewater lagoon covers, leak detection equipment, infrastructure finance partners

**Company representative at Ecomondo 2023**

Kim Wanjihia - Owner

Available from 7th to 9th November 2023

## MAJI POPOTE LTD

Established in 2018

KENYA

[www.majipopote.co.ke](http://www.majipopote.co.ke)

**Sector:**

**Water Services**

**Nature of business:**

Water Supply and Smart metering solutions

**Brief Description:**

Maji Popote is a private water service provider, operating in rural and peri-urban areas in Kenya. Maji Popote provides clean water using token operated prepayment systems that can dispense water 24/7 at communal points and prepaid house hold meters for individual connections.

**Current products/services:**

Prepaid Communal Water Points, Household prepaid meters, Inline water sensors and remote reading bulk water meters.

**Collaboration sought in Italy:**

Financing partners, Prepaid meter manufacturers, Smart Communal water solutions

**Company representative at Ecomondo 2023**

Mr. Felix G. Mutuura - Owner - and Mr. Mohamed A. Ali

Available from 7th to 9th November 2023

## NOMA GREEN PLASTICS

Established in 2020

KENYA

[www.nomagreenplastics.co.ke](http://www.nomagreenplastics.co.ke)

**Sector:**

**Waste Management**

**Nature of business:**

Plastic recycling

**Brief Description:**

Noma Green Plastics recycles unsorted waste plastic into poles used mainly for fencing and light construction. Its goal is to make plastic lumber from waste plastic and reduce the need for wood with longer lasting alternatives that work just as well.

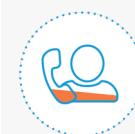

**Current products/services:**

Poles in various dimensions; Outdoor furniture; Recycling bins

**Collaboration sought in Italy:**

Machine manufacturers and potential investors

**Company representative at Ecomondo 2023**

Mr. Mugo Gitau Macharia - Owner

Available from 7th to 9th November 2023

## GREEN ECO SOLUTIONS LTD

Established in 2014

KENYA

[www.greenecosolutions.org](http://www.greenecosolutions.org)

**Sector:**

**Renewable Energy**

**Nature of business:**

Production and distribution of briquettes.

**Brief Description:**

Green Eco Solutions Ltd is a pioneering company specializing in the transformation of waste biomass into clean energy briquettes. The innovative approach not only reduces environmental impact but also provides a sustainable energy source. Committed to eco-friendliness, playing a vital role in promoting a greener and more sustainable future.

**Current products/services:**

Briquettes

**Collaboration sought in Italy:**

Equipment and technologies on waste biomasses. Partnerships and collaborations on renewable energy products and technology transfer.

**Company representative at Ecomondo 2023**

Ms. Susan Kanyuira - Head of Department/Supervisor - Production

Available from 7th to 9th November 2023

## COMMON GROUND FOR AFRICA

Established in 1995

KENYA

[www.commongroundforafrica.org](http://www.commongroundforafrica.org)

**Sector:**

**Manufacturing**

**Nature of business:**

Manufacturing

**Brief Description:**

Its community based non-governmental organization

**Current products/services:**

Water filters

**Collaboration sought in Italy:**

Manufacturing, branding and investments

**Company representative at Ecomondo 2023**

Ms. Judith NANDAKO KIMUNGUI - Head of Department/Supervisor - Production

Available from 7th to 9th November 2023

## KENYA CLIMATE INNOVATION CENTER

Established in 2011

KENYA

<https://www.kenyacic.org>

**Sector:**

**Business Incubation Services**

**Nature of business:**

Business Incubation and Acceleration

**Brief Description:**

Social Impact organization supporting growth and acceleration of climate smart ventures in Waste Management, commercial forestry, renewable energy, water management and Agribusiness. The ventures are supported through tailored and sector specific support in business advisory, access to finance, access to information and creation of an enabling environment

**Current products/services:**

Business advisory, access to finance, access to information and creation of an enabling environment

**Collaboration sought in Italy:**

Investment opportunities for climate related ventures in Kenya, best practices on waste management, access to relevant technology for venture growth in the climate space, strategic partnerships to enhance start up growth and sustainability

**Company representative at Ecomondo 2023**

Ms. Elizabeth Odima - Consultant - Quality Control/production/process

Available from 7th to 9th November 2023

## SOLIDARIDAD EAST & CENTRAL AFRICA

Established in 2008

KENYA

[www.solidaridadnetwork.org/region/east-and-central-africa/](http://www.solidaridadnetwork.org/region/east-and-central-africa/)

### Sector:

Agriculture and Industries  
(Cotton, Textile & Leather)

### Nature of business:

Service provision

### Brief Description:

# FÉDÉRATION NATIONALE DES PROMOTEURS IMMOBILIERS

Established in 2006

MOROCCO

<https://fnpimaroc.net/>

**Sector:**

**Services**

### Nature of business:

Construction development sector

### Brief Description:

Real estate development, a cornerstone of the Kingdom's economy due to its ripple effect on other sectors and its prominent position in government policy, was destined to continue the organizational momentum initiated in the late 1990s. Thus, the FNPI's activities revolve around two main pillars: 1) Representing and advocating for the interests of its members within any national or international association and in dealings with any private or public entities; 2) Promoting and organizing activities aimed at professionalizing the sector and equipping its members with expertise in the techniques employed within their respective fields of activity.

### Current products/services:

Real estate development

### Collaboration sought in Italy:

The activity of the FNPI is structured around two main axes; ; • Represent and defend, within any national or international association and with any private or public organization, the interests of its members;; ; • Promote and organize any activity which tends to professionalize the sector and enable its members to acquire mastery of techniques implemented in the areas of their respective activities.
